EDUCATION

Information System, SDU University
May 2026

GPA: 3.01

SKILLS

Testing Knowledge Manual Testing: Functional, UI, Smoke, Regression, Acceptance; Writing Test Cases, Bug Reports; Test Design Techniques: BVA, ECP; Understanding of SDLC & STLC

Tools Selenium, Pytest, JMeter (basic), LoadRunner (basic); Git, Chrome DevTools, Google Sheets

Soft Skills Time Management, Detail-Oriented, Problem Solving, Teamwork

PROJECTS

Automation Testing Python, Selenium, Pytest

Automated Testing of eBay.com GitHub

- Developed and executed automated UI test cases for core eBay features: search, filters, add-to-cart, login, and watchlist.
- Used implicitly_wait, reusable helper functions, and organized tests within a single Pytest file.
- Applied scenario-based testing, using time.sleep() where needed, and selectively enabled test blocks via comments.
- Focused on stable test structure and clear assertions for functional UI flows.

Manual Testing Projects Google Sheets, Chrome DevTools

Manual Testing of Website(https://apteka.kz/) GitHub

- Authentication and authorization using Spring Security(JWT).
- Project for preparing invitations for an event.
- Validations used to add users correctly.
- Adding feedback from event organizers.

STRENGTHS

- Strong analytical mindset, Fast learner with practical experience, motivated to grow in QA field

COURSES

Java, Python, PostgreSql, Data collection and analysis, AI, Algorithms	SDU University 2022
Information Systems Auditing, Controls and Assurance	Coursera
Introduction to Cyber Security Specialization	Coursera
Effective Marketing in the Global Marketplace	Coursera
